530 FX

Bank Vault Compartments

Safe deposit compartments offer bank clients a reliable solution for secure storage of their valuables within vaults—a personal safe. 530 FX vault compartments are currently operated by a large number of bank branches worldwide and acknowledged for the very high level of protection they provide.

Key features

PROTECTION

- ✦ Burglary resistance
- ✦ Four-eyes control: opening requires both client and local branch keys

CAPACITY

Compartment heights:

- ✦ 100 mm
- ✦ 150 mm
- ✦ 200 mm
- ✦ 300 mm
- ✦ 500 mm
- ✦ 600 mm

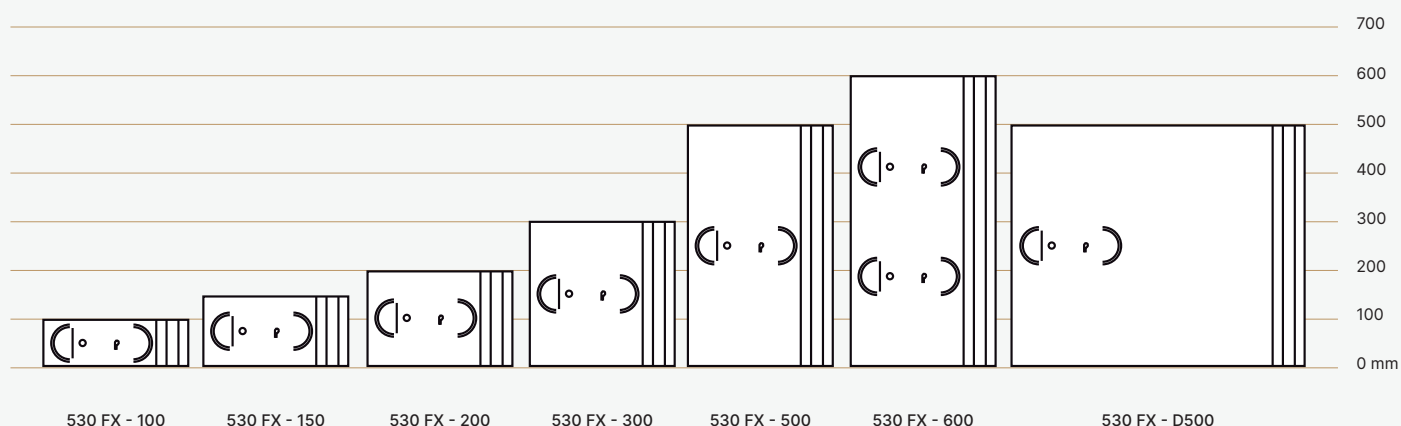

KEY BENEFITS

- ✦ High level of protection
- ✦ Supplemented by Fichet-Bauche know-how in vault installations

Fichet-Bauche guarantees

Our products are subjected to the most stringent tests approved by insurers and A2P-certified by France's National Centre for Prevention and Protection (CNPP). This is the result of integrating our own test laboratory into our factory to impose conditions going even further than those of certifying bodies. Installation is also carried out by our own technicians to ensure certification of your safe is always preserved.

+3 cylinders

A hallmark of our brand

With 200 years of experience as master locksmiths, we develop and manufacture our own exclusive locks. This is one of the key strengths of our safes and a guarantee of high security. We remain committed to permanent investment in R&D, always looking for more functionality, more resistance, new materials and more advanced lock technologies.

Product details

For more than a century, Fichet-Bauche has been designing, manufacturing and installing vaults around the world. Know-how from this long-haul experience is concentrated in the benefits delivered by 530 FX compartments. First and foremost, with a very high level of burglary resistance based on their specific design.

PERFORMANCE AND SECURITY

530 FX bank vault compartments offer:

- ✦ Steel-sheet columns with 20/10 thickness
- ✦ Steel doors with protected lock recess
- ✦ Solid lock bolt tested by CNPP for compliance with GETS and CLSIB standards (France's main professional banking associations)

Components protected by manganese steel anti-perforation plates.

INTERIOR FITTINGS AND OPTIONS

No specific fittings available.
