MILLIUM DFX

Cash Deposit Safe

Millium DFX offers a range of deposit safes designed for fast offloading. Their modular concept and multiple options allow for tailor-made configurations.

Key features

PROTECTION

- ✦ Certified burglary resistance as per EN 1143-2 (Grades I-III)

CAPACITY

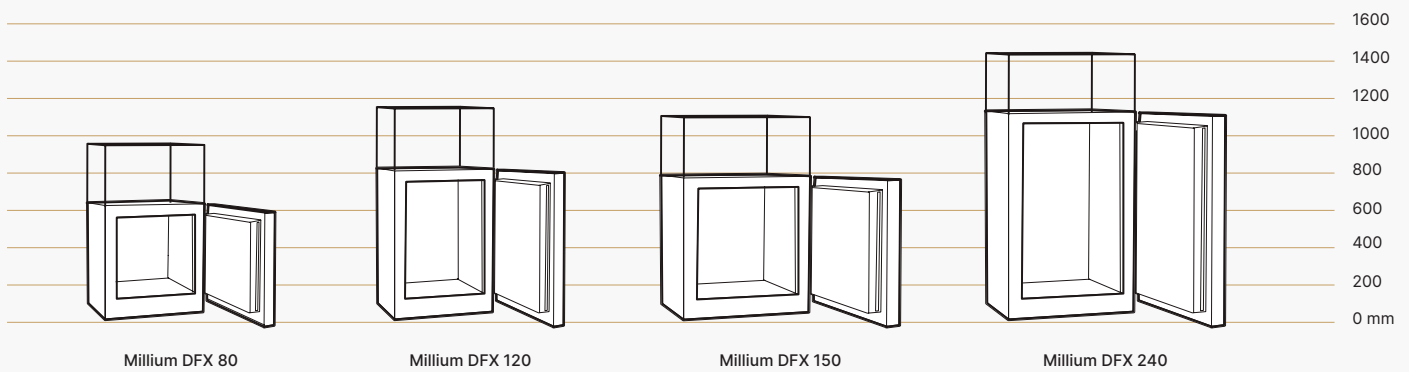

- ✦ 80 litres
- ✦ 120 litres
- ✦ 150 litres
- ✦ 240 litres

KEY BENEFITS

- ✦ Tried-and-tested deposit safes widely used on banking sites
- ✦ Robust construction and materials
- ✦ High level of burglary resistance

Fichet-Bauche guarantees

Our products are subjected to the most stringent tests approved by insurers and A2P-certified by France's National Centre for Prevention and Protection (CNPP). This is the result of integrating our own test laboratory into our factory to impose conditions going even further than those of certifying bodies. Installation is also carried out by our own technicians to ensure certification of your safe is always preserved.

A hallmark of our brand

With 200 years of experience as master locksmiths, we develop and manufacture our own exclusive locks. This is one of the key strengths of our safes and a guarantee of high security. We remain committed to permanent investment in R&D, always looking for more functionality, more resistance, new materials and more advanced lock technologies.

Product details

Millium DFX safes are manufactured for ease of use and practicality. Controls are located at the top, in full compliance with the requirements of France's disability access regulations (models 120 & 150 are also compatible). The deposit head can be placed in the front or rear position (e.g. for use through a wall), which allows the equipment to be integrated into a self-service area or used as a CIT outlet.

Accepted deposits:

- ✦ Fichet-Bauche security envelopes
- ✦ DIN or Fichet-Bauche R2 cassettes
- ✦ A4 plastic or paper envelopes (all other formats must be approved by Fichet-Bauche)

PERFORMANCE AND SECURITY

Millium DFX safes offer:

- ✦ Burglary resistance as per EN 11431 certified by A2P (Grades I-III with €25,000 to €55,000 insurance ratings)
- ✦ Choice of mechanical and/or electronic locks (all A2P-certified as per EN 1300)
- ✦ A possibility of limiting access to certain users
- ✦ Optional factory-installed alarm configurations for remote lock management: DOCT sensors for shock and thermal opening detection
- ✦ A self-sealing bag to secure funds during removal

Use of the DFX head controlled by an M3B key located on the front panel or by an electromechanical card system

- ✦ Mechanical (standard) or electronic (optional) anti-fishing protection system.

INTERIOR FITTINGS AND OPTIONS

- ✦ Standard or reinforced shelves
- ✦ Shelves for suspension files frames
- ✦ Lockable compartments
- ✦ Sliding trays
- ✦ DOCT alarm sensors
- ✦ Anchoring kit included for safes weighing less than 1,000kg (mandatory as per EN 1143-1 requirements).
