MILLIUM

Burglary Protection

The Millium range is designed for the protection of cash and valuables in professional environments where security is a priority (bank branches, luxury retail outlets and company premises). It offers an optimised storage capacity thanks to its high-performance composite barrier material with reduced thickness.

Key features

PROTECTION

- ✦ Certified burglary resistance as per EN 1143-1 (Grades I-III)

CAPACITY

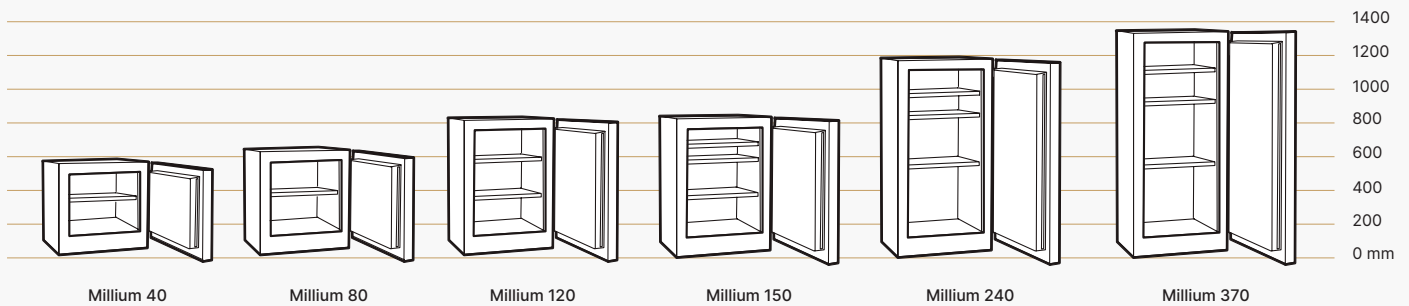

- ✦ 40 litres
- ✦ 80 litres
- ✦ 120 litres
- ✦ 150 litres
- ✦ 240 litres
- ✦ 370 litres

KEY BENEFITS

- ✦ Superior level of burglary protection with a wide variety of sizes
- ✦ Optimum weight/security performance ratio for this best-seller in our portfolio

Fichet-Bauche guarantees

Our products are subjected to the most stringent tests approved by insurers and A2P-certified by France's National Centre for Prevention and Protection (CNPP). This is the result of integrating our own test laboratory into our factory to impose conditions going even further than those of certifying bodies. Installation is also carried out by our own technicians to ensure certification of your safe is always preserved.

MxB-B key lock
(patented by Fichet-Bauche)

MC4 mechanical
combination lock

Nectra electronic
combination lock

KelNet electronic
combination lock

A hallmark of our brand

With 200 years of experience as master locksmiths, we develop and manufacture our own exclusive locks. This is one of the key strengths of our safes and a guarantee of high security. We remain committed to permanent investment in R&D, always looking for more functionality, more resistance, new materials and more advanced lock technologies.

Product details

The Millium range is designed for easy opening and practicality: handle to the left, key to the right, controls located at the top. Offering a wide choice of sizes for adequate storage capacity, it provides a perfect solution to protect your cash and valuables—especially on professional premises.

PERFORMANCE AND SECURITY

Millium safes offer:

- ✦ Burglary resistance as per EN 11431 certified by both A2P and ECB•S (Grades I-III with €25,000 to €55,000 insurance ratings)
- ✦ Choice of mechanical and/or electronic locks (all A2P-certified as per EN 1300)
- ✦ Easy locking with full-length bolt movement driven by door handle, anchoring bar and anti-heeling protection on the hinge side
- ✦ Optional factory-installed alarm configurations for remote lock management: DOCT sensors for shock and thermal opening detection - compatible with most centralised alarm platforms – allow for 24/7 monitoring and detection

INTERIOR FITTINGS AND OPTIONS

- ✦ Standard or reinforced shelves
- ✦ Lockable compartments
- ✦ Shelves for hanging suspension files
- ✦ Sliding trays.
- ✦ DOCT Alarm sensors
- ✦ Anchoring kit included for safes weighing less than 1,000kg (mandatory as per EN 1143-1 requirements)
